

Via Ferrata with Zipline

A challenging climb up the mountain and an exciting zipline trip down

Via Ferrata is not easy – but it is extremely fun and challenging. The company we work with, in terra Corsa, have the biggest Via Ferrata and zipline parc in Corsica. You begin with Via Ferrata; climbing while attached to wire. You will climb the mountain, sometimes helped by built-in steps and ladders. The environments are remarkably beautiful and the view is magnificent as you climb higher and higher up! After reaching the top the ziplining/tyrotrekking begins. You zipline your way down the mountain. After this beautiful, yet challenging, ascent and descent we sit by the river and enjoy a lunch or a nice refreshing swim.

It is possible to do a family-friendly Via Ferrata. Ask the guides for more information. There are two different levels of climbing, intermediate and hard. Ask the guides for more info and what level may fit you best.

HIGHLIGHTS

- Different levels available
- 5-7 different ziplines
- Beautiful surroundings

Info

Sign up latest 15.00 the day before. Bring sport shoes and a small bag with water and a lunch/snack to have with you when climbing.
